June 20, 2011

Dear sponsors and friends,

Father Georges Bissonnette truly embodied the spirit of the Assumptionists and Assumption College. We are pleased to hold the 38th annual Father Bissonnette Invitational Tournament in his memory. One of the finest tournaments in Central Massachusetts, the Father Bissonnette Invitational has been a great success year after year.

My thanks to all of you who make this such a wonderful day. With the generosity of our sponsors and supporters, this event has raised more than $1 million for the College since its inception in 1974.

Proceeds from the tournament will benefit the College's student Financial Aid Fund and the Athletics Department. Given the current state of the economy, requests for financial aid from our students have increased significantly. Without your support, it would not be possible for many of our students to attend Assumption College or even remain at the College and receive the benefits of a private, residential, Catholic liberal arts education.

Thank you for joining us today. We deeply appreciate your support of Assumption College, our students and our Athletics Department.

Sincerely,

Francesco C. Cesareo, Ph.D.
President, Assumption College
Assumption College History

Assumption College was founded by the Augustinians of the Assumption in September 1904. The school expanded steadily, and, by mid-century, numbered around 400 students. In 1950, the Assumptionists celebrated both the 100th anniversary of their founding and the granting of a University Charter by the Commonwealth of Massachusetts to confer graduate degrees. Liberal arts offerings were expanded and the Graduate School and Summer School were initiated during this period.

A devastating tornado struck the campus in June 1953, claiming three lives and prompting Assumption to rebuild and use the Greendale site as the location of Assumption Preparatory School, and to relocate the College. A new campus was prepared for the College on Salisbury Street. The College entered a new era in 1969 when about 120 women enrolled in the Class of 1973 as Assumption’s first coeducational class.

Today, Assumption College offers a Catholic liberal arts, sciences, and pre-professional studies education to more than 2,100 undergraduates and approximately 700 graduate and continuing education students. The campus has experienced significant growth recently, adding six buildings since 1992 to a campus of 180 acres, currently the largest college campus in Worcester.
Fr. Georges Bissonnette, A.A.
1921–94

The Father Bissonnette Invitational Golf Tournament was established in 1973 to honor Fr. Georges Bissonnette, A.A., the twelfth president of Assumption College, and to provide scholarship funds to Assumption students. Fr. Georges has been remembered by many generations of Assumption students as the spirited professor of Philosophy and Political Science, always intent on sharing his encyclopedic knowledge as well as his remarkable insights.

Fr. Georges served as the dean of the Faculty (1962–68) and then as the twelfth president of the College (1968–72). It was during his presidency that the Lay-Religious Board of Trustees was established and Assumption admitted female undergraduates for the first time.

A noted lecturer and scholar in Russian history and Soviet Studies, Fr. Georges pursued graduate degrees at Columbia University, receiving an M.A. from the Russian Institute, as well as M.A. and Ph.D. degrees in Public Law. He also studied in the School of Foreign Service at Georgetown University. It was largely due to Fr. Georges’ influence that the Foreign Affairs major was instituted at Assumption.

Fr. Georges’ most famous book is undoubtedly Moscow Was My Parish, describing his two years (1953–55) as the only Catholic priest in the Soviet Union. Actively involved in the Worcester community, he served as vice president of the Chamber of Commerce (1971–78), director of the Y.M.C.A. (1960–80) and director of the United Way (1965–80). He also served for many years as the chaplain of the Harmony Club.

Throughout his life, Fr. Georges had one love: Assumption College. A man of varied interests and unusual accomplishments, he remained in many ways the simple and unassuming son of poor French Canadian immigrants. His warm personality and disarming simplicity endeared him to many. May his memory inspire many to pursue equally lofty goals in living service to the Church and the Commonwealth.

– Written by Fr. Claude L. Grenache, A.A. ’59

Who We Are
Nutmeg Consulting specializes in providing high-quality Information Technology and Consulting services to small businesses and not-for-profit organizations across Connecticut, Rhode Island, and Massachusetts. We implement solutions that work so you can spend your time growing your business instead of troubleshooting your business.

What We Do
We understand that technology is constantly evolving and in order to stay ahead of your competition and best serve your customers, your business needs to evolve as well. Unlike other consulting firms who only fix today’s problem, Nutmeg Consulting offers comprehensive business analysis and technology solutions to not only solve the issue you have today, but to foresee and correct potential issues in the future.

How We Do It
From standardizing desktops to storing data, securing your current network to designing your next, Nutmeg Consulting uses its 20+ years of industry experience aligned with the principles of Six Sigma Lean Management to ensure that we deliver products and services that give your business the edge it needs to compete. Nutmeg Consulting’s goal is to drive your costs down by standardizing your processes and designing systems that will keep your business running trim, so you can focus on the growth of your organization.

OUR AREAS OF EXPERTISE INCLUDE:

- **Process**
  - Helping you Plan, Design and Implement streamlined business solutions.

- **Desktops**
  - Standardizing on hardware and software reduces overall support costs.

- **Networks**
  - Including: design and implementation, user authentication, web content filtering, network monitoring, updated virus protection, VPNs.

- **Security**
  - Security is more than just a firewall. Nutmeg Consulting can help you understand your vulnerabilities and harden your network.

- **Telecommuting**
  - Secure, reliable and affordable connections over the Internet from office-to-office and for teleworkers are possible with VPNs.

- **Servers**
  - File servers, print servers, active directory, email, virtualization and more.

- **Telephony**
  - VoIP, Telephone Service, T1s, Cell Phones, Internet connections
