

Self-Enrolling in the Turnitin Site in Blackboard – Student View

In order to make using the Turnitin paper checking service easily available to students, the Blackboard site allows students to self-enroll.

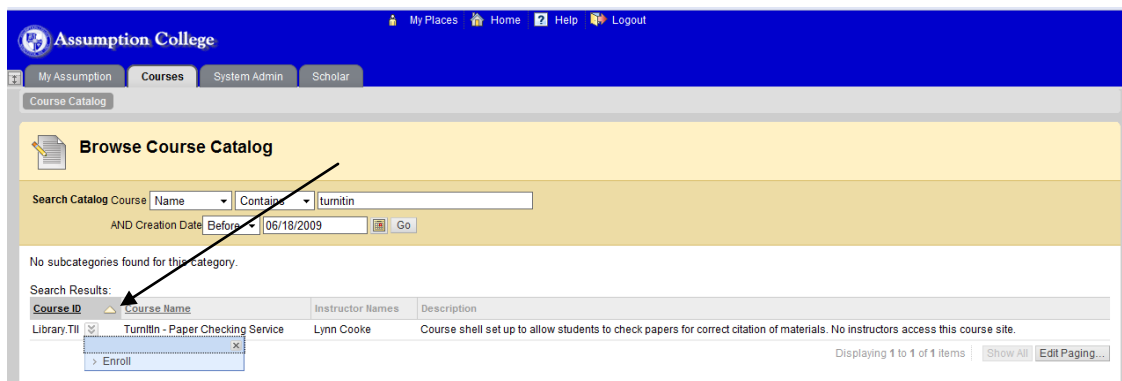

To self-enroll, select the “Courses” tab located at the top of the main screen on your Blackboard site.

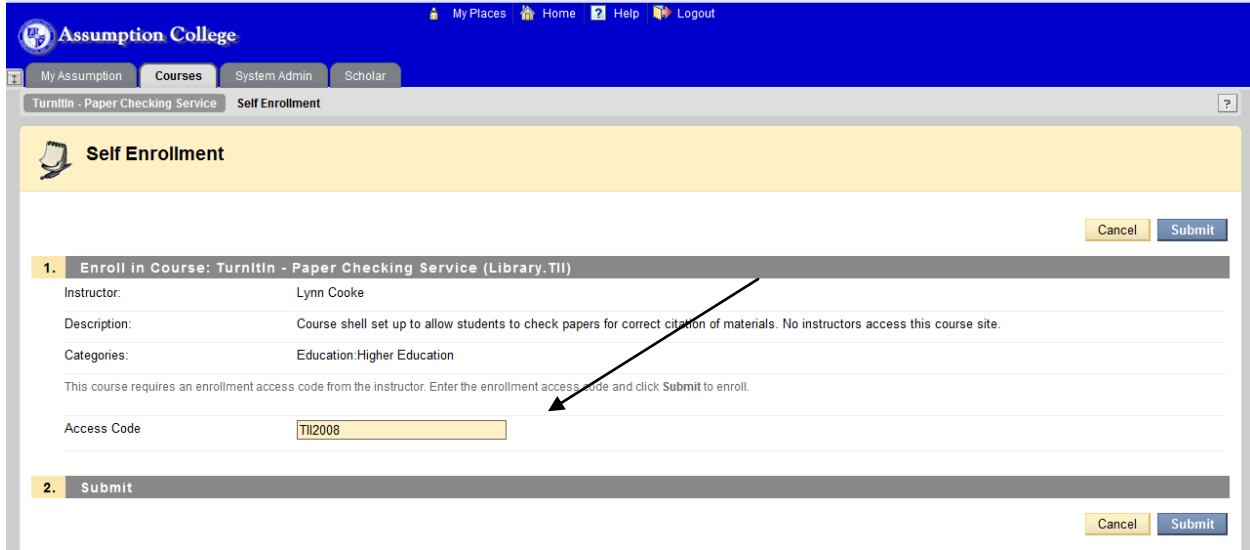

On the “Courses” screen, enter “turnitin” in the “Course Search” box and click “Go.”

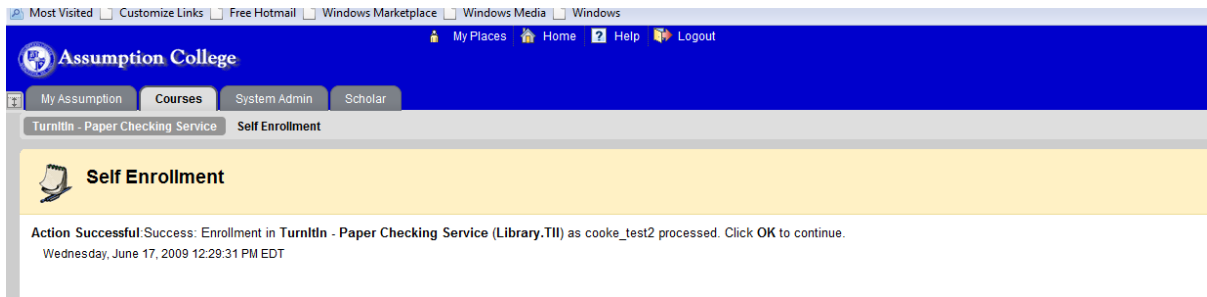

On the next page, click the double arrows next to “Library TII” under “Course ID” to find the “Enroll” option.

Click on the “Enroll” button to access the enrollment page with information about the site. To finish the self-enrollment, use the “Access Code” of TII2008 to complete enrollment and click submit in #2.

You'll see a confirmation if your enrollment was successful.

Once you are enrolled, please refer to the handout *Submitting Papers for TurnItIn Review* for instructions on using this module to check your papers for any possible plagiarism violations.
